

National Coalition of "We the People"

Below is a list of bi-partisan House members we are talking to in the next three days concerning resurrection of the 1973 plan that resulted in President Nixon's resignation without going through the impeachment/trial procedures. At least four are still in the House: John Conyers, Jr., David Obey, Charles Rangel, and Pete Stark. Another was the father of ~~Paul~~ John Sarbanes. Those being visited this week are listed below the line.

Michael Greenman (Columbus OH), Carl McCargo (Springfield MA),
